# Smash the Chains of Weakness and Ill Health! Weak Rundown People Gain New Power!

Feel Strength, Vigor of Blood and Nerves Sweep Back; Thin, Weak, Rundown Folks Quickly Gain Pounds of Fine, Solid Flesh, New Strength, Vigor—Gift of Wine-like VIGOVITE Elixir  
Doctor Advises New Elixir Which Gives You the 4 Vital Blood Minerals: Stimulates Nerves, Stomach and Bowels

**IF YOU** are over-thin, weak, pale, nervous, bilious and constipated; tortured by headaches, aches or distress in the stomach or back; torn by acid, gassy indigestion, bad breath, dizziness and sleeplessness—be warned in time! Doctors and food authorities warn that such troubles may often lead to wasting dangerous illness. They say that you are not getting the necessary vital minerals, without which your blood grows weak and thin, your nerves shaky, every vital organ may falter, your skin may become sallow, pimply and ugly, your cheeks hollow and your eyes dull.

Says Dr. Gamble M. O'Malley, New York stomach and nerve specialist: "All too many skinny, pale, half-sick rundown men and women today stand on the brink of high blood pressure, heart trouble, diabetes or some grave kidney disease simply because their blood is starved for the four vital blood minerals. They are actually growing old-looking before their time by a process I call 'mineral starvation'. In my practice I have found that new VIGOVITE Elixir is an ideal combination for such persons. It contains just the right balance of iron, copper, calcium and phosphorus that go to make strong blood, calm nerves and tireless muscles; and what I consider especially important, it speeds the vital stimulation to the stomach and bowels and stops acid indigestion and chronic constipation. Dozens of my patients responded with remarkable promptness to this splendid elixir, showing gratifying weight increases."

Perhaps for the first time a really effective source of these four vital blood minerals, and stomach and bowel activators, are combined in pleasant-tasting form, for Vigovite has a flavor much like a rare

old wine. It's truly amazing, the feeling of swift, new strength, energy and happiness you feel. In the very first few days you seem to thrill to new strength surging through your body. Appetite takes on a keen edge, food digests better, instead of souring and causing those awful gas bloating headaches; constipation, blinding headaches and biliousness should clear up, nerves grow calm and strong; sleep rests and refreshes you; complexion often becomes clear, rosy, attractive; eyes sparkle with health. You can work from dawn to dark without tiring.

Almost before you realize it, you are taking on pounds and pounds of sound, becoming flesh. You look, feel and act years younger. Every pleasure gives you greater joy.

Don't be embarrassed any longer by a skinny, weak body that invites disease, or that at best draws ridicule on the beach. Don't put up with an ugly, pimpled blotched or sallow skin and hollow cheeks. Get the four vital blood minerals which may send new health surging through your blood and stop those constipating, souring headaches, sluggish liver and kidneys. Vigovite, the wine-like elixir, will help you or it won't cost you a penny.

**RECOVERY OF LOCAL PEOPLE TOLD BY THOS. C. MARTINDALE**

Vigovite, the amazing combination of blood minerals to which Dr. O'Malley refers, is helping to bring radiant new health and strength, sturdy bodies to thousands of people here, Thomas C. Martindale, the eminent health food authority, who broadcasts daily at 10:45 a. m. over WIP, and at 3:15 p. m. over WPT, relates some astonishing reports of Vigovite's work. Listen in on these interesting health talks every week day.
