

ProQuest® Digital Resources for K-12 Schools

ProQuest delivers 21st-century solutions for 21st-century learners. See for yourself—**free through 7/31/09**—at:

www.proquestk12.com/go/necc09 (password: welcome)

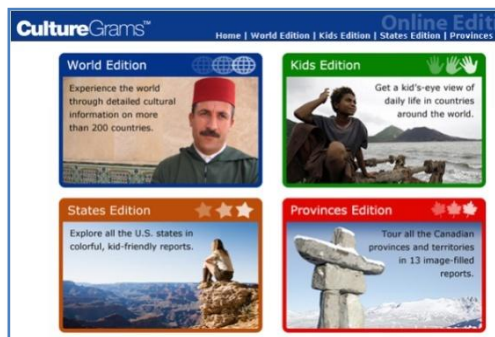

eLibrary®

The ultimate full-text and multimedia search engine delivers next-gen web features, timeline and slideshow applications, personalization tools, video and interactive content, and much more. It includes over 2,100 periodical, news, and e-book titles; and nearly 4 million images, maps, websites, and videos.

SIRS Issues Researcher®

Engage in meaningful "21st-century learning" while encouraging dialogue and critical thinking about the major issues of our society. It includes over 1,700 global full-text, statistical, web, and multimedia, sources; and social bookmarking, note organizers, media streams, and other online tools. It's everything you need to go from the "what's" to the "why's" of an issue.

CultureGrams™

Go beyond mere facts and figures to deliver an insider's perspective on daily life and culture, including the history, customs, and lifestyles of the world's people—from Afghanistan to Zimbabwe. Includes over 200 countries; the U.S. states, and Canadian provinces; statistics, images, videos, and slideshows; and much more.

WHY PROQUEST

Digital media starts at ProQuest.

It's the cool content students want. Instructional quality educators want. Easy integration technologists want.

Multimedia Content

Videos, slideshows, e-books, images...all ready for student laptops and more

Interactive Content

Simulations, timelines, websites...perfect for classroom LCDs and whiteboards

Unique Content

Culture reports, pro/con issues, primary sources... when projects require outside-the-Web thinking

Targeted Content

21st-century resources, assessments, differentiated materials...aligned to your educational standards
