

Great news! Our school subscribes to eLibrary Canada, the easy-to-use, Internet-based teaching and learning solution for students and teachers. Best of all, it's available at school or from home 24 hours a day, 7 days a week.

eLibrary Canada offers a broad range of full-text and multimedia content that supports student information needs. Teachers can use it for lesson planning, in-class activities, library work, and student assignments via the integrated BookCart tool.

It's also a powerful homework helper and all-in-one research tool.

### **What can you and your child do?**

**Access Thousands of Sources:** Dive into a broad range of safe, ad-free content, from local and international newspapers and magazines to up-to-date news images, multimedia, and more

**Increase Learning with Visuals:** Use thousands of graphics, maps, audio/video clips to enliven learning with visual reports and presentations

### **How will eLibrary Canada help our teachers and librarians?**

**Save Time for Learning:** One search yields up to 8 different quality media types so students can spend more time learning and less time searching

**Keep Current:** Print the most current articles from thousands of newspaper and magazine for classroom discussions and student activities

**Create One-Step Lesson Plans:** Use the BookCart tool to collect the best eLibrary resources on a topic and also include all the information that students will need to complete assignments

**Integrate Technology and 21st Century Skills:** Research assignments teach the essential skills that students will use for a lifetime
